¹ 1 unknown.

Bills of health from ports south of Callao show as follows: Valparaiso (Mar. 15), 60 cases of smallpox in the past 2 weeks; Iquique (Mar. 19), 3 cases of plague in the past 2 weeks; Arica (Mar. 20), a few cases of plague; Mollendo (Mar. 21), 3 cases of plague, with 1 death, in the past 2 weeks.

PHILIPPINE ISLANDS.**Status of Cholera.**

Chief Quarantine Officer Heiser at Manila reports March 8: During the week ended March 4 no quarantinable diseases were reported in the city of Manila.

During the same period there were reported 6 cases of cholera with 5 deaths in the Province of Albay.

RUSSIA.**Detention of Emigrants at Libau Discontinued.**

On account of the continued reports as to the absence of cholera in Russia, the acting assistant surgeon of the service on duty at the American consulate at Libau was cabled, April 21, 1911, to discontinue the five days' detention of passengers unless the latter are from known infected districts.

TRINIDAD.**Plague.**

The American consul reported April 26 the occurrence of 1 case of plague.

VENEZUELA.**CARACAS—Plague.**

In a telegram received April 25 the American minister reported to the Department of State the occurrence of 3 cases of plague at Caracas.
